REGISTRATION BEGINS JUNE 15,

KIDS SUPERGYM - MISSISSAUGA is fitness with a smile. Our facility was constructed for the purpose of challenging children in a creative, fun and safe environment. We believe kids need to be active and interactive with their peers. We intend to do this through our specially designed gymnastics programs. All of our programs will consist of the use of our equipment such as the trampoline, parallel bars, balance beam, rings and sprung floor.

1.5 HOUR PROGRAM GYM PRO (6 yrs and up) APPOINTMENT FOR ASSESSMENT REQUIRED

The 1.5 hour program focuses on the refinement of previously acquired skills in order to advance their level of performance. Core strength training combined with spatial awareness will become an important focus as the participants start to work on more complex skills. Reinforcement of proper technique in the early stages of gymnastics is essential in the prevention of learning "dead end skills". Participants are grouped according to age and ability.
